

## STATEMENT OF FACTS NEW, NONRESIDENT, OR IMPORTED VEHICLE

LICENSE PLATE NUMBER	VEHICLE ID NUMBER	YEAR/MAKE
----------------------	-------------------	-----------

California law (Health & Safety Code §43151[a]) does not allow you to import and/or register any new vehicle unless it meets California emission standards, or unless exempt as indicated below (Health & Safety Code §43151[b], §43151[c], or §44210). If you acquire a noncomplying 49 state or direct import vehicle and do not qualify for one of the exemptions, **you cannot register your vehicle and it must be taken out of California immediately.** You may purchase a One-Trip Permit for this purpose.

**Please complete only the section that applies to your vehicle.**

### NEW 49 STATE VEHICLE—Less than 7500 miles.

**Definition:** A vehicle originally manufactured for sale in any state except California. Meets federal emission standards only.

I certify that I qualify for the exemption because:

- ☐ I inherited the vehicle or was awarded the vehicle in a divorce, dissolution, or legal separation.  
(Submit court documents to verify this statement.)
- ☐ I purchased it to replace the following vehicle which was damaged or became inoperative beyond reasonable repair, or was stolen while I was out of state. \_\_\_\_\_  
ID # \_\_\_\_\_ LICENSE # \_\_\_\_\_ MAKE \_\_\_\_\_  
(Submit a copy of the repair estimate or police report.)
- ☐ When I acquired this vehicle, I was a resident of, or on active military duty in, the state of \_\_\_\_\_ where the vehicle was last registered.
- ☐ This vehicle's engine displacement is less than 50 cubic centimeters.

### NEW DIRECT IMPORT VEHICLE—Less than two years old as of the date it enters California.

**Definition:** A vehicle originally manufactured for sale outside of the U.S. Does not meet federal or California emission standards.

I certify that I qualify for the exemption because:

- ☐ I inherited the vehicle or was awarded the vehicle in a divorce, dissolution, or legal separation.  
(Submit court documents to verify this statement.)
- ☐ I purchased it to replace the following vehicle which was damaged or became inoperative beyond reasonable repair, or was stolen while I was out of state. \_\_\_\_\_  
ID # \_\_\_\_\_ LICENSE # \_\_\_\_\_ MAKE \_\_\_\_\_  
(Submit a copy of the repair estimate or police report.)
- ☐ When I acquired this vehicle, I was a resident of, or on active military duty in, the state of \_\_\_\_\_ where the vehicle was last registered\*.
- ☐ This vehicle's engine displacement is less than 50 cubic centimeters.

**NOTE:** If any of the above exemptions are being claimed, the vehicle must be certified under an Environmental Protection Agency Certificate of Conformity and issued an approval letter from the federal Department of Transportation.

\*A one-trip, drive out, or temporary permit purchased from the owner's state of residency is considered an acceptable form of registration.

### USED DIRECT IMPORT VEHICLE—1975 model through two years old as of the date it enters California.

**Definition:** A vehicle originally manufactured for sale outside of the U.S. Does not meet federal or California emission standards.

I certify that I qualify for the exemption because:

- ☐ When I acquired this vehicle, I was a resident of, or on active military duty in, the state of \_\_\_\_\_ for at least one year before coming to California. The vehicle has been registered\* in the State of \_\_\_\_\_ since \_\_\_\_\_ and it has been certified under a federal Environmental Protection Agency Certificate of Conformity and has been issued an approval letter from the federal Department of Transportation.
- ☐ This vehicle's engine displacement is less than 50 cubic centimeters.

\*A one-trip, drive out, or temporary permit purchased from the owner's state of residency is considered an acceptable form of registration.
